

Northwest Chapel Prayer Guide

September 2024

Corporate Prayer:

Every Sun. 8:30 a.m.—Room 118

A. Community, U.S. and World

- Our Leaders: Pres. Biden, V.P. Harris, Congress and Gov. DeWine
- Local church: **Grace Powell**—Growing their unique sports ministry for outreach
- Foreign Country: **Mexico**—Quote from Eduardo Verastegui who is creating a new political party: “I have a dream of a Mexico where God is at the center of our nation and where human dignity is respected...a safe and violence free Mexico where parents don’t fear for their children’s lives...where life is respected from conception to natural death.”
- Persecuted Country: **Kenya**—A predominantly Christian nation, yet there are pockets of persecution and violence especially around the coast. Freedom of religion was granted by the constitution, but local government is often run by Muslims who do little to protect rights. Missionaries and Christian leaders tend to be targets.

B. Cathy and Tony Webb-VisionUSA.org

- Asking the Lord for four new denominations to partner with us.
- Intentionally placing ourselves in the 1-3 % Christian areas in the USA (Utah, Idaho, Oregon, the state of Washington as well as in New England). Pray for sowing of seed and harvesting of souls.
- VUSA is a church planting organization looking to see new churches spring up all across the nation. We are also asking existing congregations to use Gather-Shepherd-Elder (GSE) in their work sharing the Gospel. We are living in exciting days!
