

Sunday School Restart 2020 | Parent Letter

It's amazing to think that March 8, 2020, was the last time children's ministry took place in-person at Northwest Chapel. Had I known that I would have given extra smiles and high fives to your children that day! But God knew and He continues to remain in control of ALL things.

In the interim, children's ministries has not stopped. With your support, we've continued to reach not only the children of our immediate church family but also those in surrounding communities and even into other states! **Thank you** for your continued efforts to minister to your family and others during this time.

We are pleased to announce that children's ministries will be opening its doors once again to host on-site, in-person Sunday School classes on Sun., Sept. 13, at 9:30 a.m.!

Our staff has been working tirelessly to create spaces and operating procedures that will keep your family safe while children enjoy Sunday School classes. Our church resides in Franklin County with a Dublin mailing address, and within the Hilliard City School District, but our church family represents a much broader community. Therefore, we will not be following one specific school plan for our procedures; we will continue to monitor CDC and local government recommendations and will assess what is best for our entire body in any decisions we make.

Please take time to read through the following information. These protocols have been put into place based upon research of best practices, state and local recommendations, and conversations with other churches in our area. Please review these protocols with your children so that they understand what to expect when they come to class each week. If you have any questions, please feel free to contact me via email at mhess@northwestchapel.org or during regular office hours, at 614-761-0363.

Remember, we're in this together. Wherever you are, there's hope and healing in Jesus Christ.

Thanks,

Megan Hess

Director of Children's Ministries
